

Nearly four children die every day in this country as a result of abuse or neglect...
Most of them are under four years old...
Almost half will not live to their first birthday...
Up to 10 million children in this country are exposed to domestic violence each year...

This is why we need Hope Shining

a breakthrough, national initiative designed to increase awareness, prevention and support services for children, families and communities affected by violence and abuse.

How can you help?
